

National Defence Authorization Act (NDAA)

Telecommunications Equipment or Services

This document confirms that Algo Communication Products Ltd. Products and services are compliant with the John S. McCain National Defence Authorization Act (NDAA) and do not contain any “telecommunications equipment or services” banned by the NDAA, nor do they employ any component or technology of any system – substantial, essential, critical, or otherwise – manufactured or delivered by the following banned Chinese companies including their brand or affiliated companies:

- Huawei Technologies
- ZTE Corporation
- Hytera Communication Corporation
- Hangzhou Hikvision Digital Technology Company
- Dahue Technology Company

Sincerely,

Ryan Zoehner

Vice President

Algo Communication Products Ltd
